FIGHT PROSPECTS

Park City Wants Williams Again—Hyland Gets an Eastern Offer.

The two fights of this week have done more toward boosting the game in this state than anything that has happened for a long time. Park City and Ogden are now the live pugllistic towns of the state and both are anxious for more of

city yesterday and is looking for a man to match against Morgan Williams, While Morgan was mighty unpopular just before he entered the ring against Jack
Christie, his fighting and clean-cut victory won the crowd back, and now he is
a hot favorite in the mining town. Jacobson says every able-bodied man in
Park is kicking himself for not taking in
the contest and that he intends to give the contest, and that he intends to give them another chance to see Williams.

It was suggested yesterday that he secure Jack Twin Sullivan or Hugo Kelly, both of whom are in Los Angeles now, as good men for Williams. If a good man cannot be secured, by all means the meal ticket men and easy marks should be cut out. Such a fight would nut Park City out. Such a fight would put Park City back where it was and it would probably be some time before the confidence of the be some time before the confidence of the public could be again secured. Jacobson says he intends to act along these lines. Sammy McClintic and Hyland came down to Salt Lake yesterday, both covered with smiles. Sammy has a telegram from Sam Stuckey, of Davenport, Iowa, offering him \$800 to meet Packey McPartland in the near future. McClintic wired back: "\$1,000 and you are on," and is now awaiting an answer. There is also some talk of matching Hyland with Kid Sullivan, but this has not passed the talking stage.

ogden sports, as well as Salt Lake sports, are well pleased with the Hyland-Finucane fight. No doubt many would have preferred to see it go past three rounds, and it probably would have, if Finucane had not carried the fight to Hyland at the tap of the gong. But fight and have it on the square, even if it ends in a punch, than to have a twenty-round a punch, than to have a twenty-round fake affair, which is frequently the case.

JOHN DUBEL WANTS GAME

Anxious to Find Team to Play His gained a head victory over Bedford in the Colts on Coming Sunday.

Father John Dubel is gunning after a baseball game for next Sunday. Although Dubei has had several search warrants out since last Sunday he has not yet been able to land a team which thinks can compete with his colts. Father John has worn out two or three telephone lines and used several tons of letters trying to get a team and as a last resort has come out with an open challenge to the world.

He is particularly anxious that the managers of Eureka, Ogden, Murray, Springville, Lehi, Park City, Wood's Cross Bountiful and any other town that Cross, Bountiful and any other town that claims to have a ball team, take notice. The first man who connects with Dubei by 'phone gets the game and John says he will be on hand at 7 o'clock this mornready to grab the receiver any me the bell tinkles.

Philadelphia, May 22.-Tommy Murphy, of New York, and John Summers, of England, fought one of the hardest six-round battles ever witnessed in this city at the National Athletic club tonight. It was Summers' first appearance in the ring in this country, and he made an excellent impression. In the first round he dropped Murphy with a right to the jaw, and in the second round the Harlem fighter was floored twice, and only the over anxiety of Summers to stop Murphy saved the latter from taking the count. Murphy grew stronger as the fight progressed and more than held his own in the third, fourth and fifth rounds, while the sixth was about even. Murphy's stomach was about even. Murphy's stomach punches had the Englishman tired at the

HIGH SCHOOL GAME.

Scrub Team Thinks It Knows How to Play Baseball. A hair-raising game of baseball was

"Off agin. on agin," the time worn phrase of the railroad section foreman. could be adapted to the comedy that is being enacted in the local courts these days between District Attoiney George Halverson and William Glasmann, former mayor and present acting postmaster. For more than a year Halverson and Glasmann have been suing each other, and so far nothing tangible has resulted from their legal controversies. The nearest these two men ever came to an understanding was one day during 1905 when the district attorney threatened to hurl an iron seal at the head of the then mayor of Ogden, for something that Glasmann had printed in one of his papers.

Court yesterday and during the examination the court discovered that the boy was a user of tobacco. Immediately steps were taken to put a stop to the evil, and to prosecute those who sell tobacco to minors.

Here is what Judge Gunnell had to say about the case yesterday:

"I find that to punish children, even large boys, or to take steps to correct them is not the only thing, nor the main thing, but rather to get at the parents and other persons who are at fault and guilty of contributing to the delinquency of the children. People who sell cigars, to be about the case yesterday:

A boy under the age of 18 was taken before Judge Gunnell in the juvenile court yesterday and during the exam-

The latest move came from the Glasmann end yesterday, when his attorneys filed a complaint in the district court against George Halverson in which he asks for \$20,000 damages.
